practiced there from October to December 1951, it is believed that, after the return of most of the divisions to their home stations, 25X1 some units again went to some troop training grounds for firing practice. 25X1 Comment. The information confirms that most of the 117th Gds
numbers of soldiers observed marching to the war memorial or involved in the exchange of personnel at the railroad station allow no conclusions as to the actual strength of the regiment, as MVD

units are believed also to be stationed in Meiningen.
